

SubDrive *QuickPAK* - Constant Pressure System

Dear valued Franklin Electric Dealer

Franklin Electric is please to announce that SubDrive, our Constant Pressure System is available directly to you - **NOW**

SubDrive *QuickPAK* comprises;

Pump, Motor and SubDrive Controller,
Pressure sensor, pressure gauge and splice kit,
18 litre pressure tank
all in one quick and easy package

SubDrive has a 5 year warranty !

SubDrive provides constant pressure by continually monitoring and adjusting the pump speed to meet your water supply demands. SubDrive eliminates pressure cycling. With built in dry run protection, surge protection, locked pump, short circuit and open circuit, SubDrive is also smart.
